

LEARNSMARTZ LMS

The most complete LMS: supports all digital content formats and has no installation hassles.

FLEXIBLE AND VERSATILE

The LearnSmartz LMS is one of the most flexible and versatile Learning Management Systems in the market. It gives you the capability to add or modify courses, have SCORM-conformant content and set up a hierarchy for reporting. The LMS is set up for easy tracking of users, hassle-free assignment, assessment and communication.

LMS FEATURES

Flexible Learning

Netsmartz eLearning platform allows for 24/7 access to courses and content. Materials can be accessed from anywhere that learners have Internet access, giving them the freedom to learn on their own time.

Mobile Compatibility

Netsmartz offers mobile eLearning, making learning-on-the-go easier. mLearning is considered a complementary aspect of the learning process, providing greater flexibility for learners to access course materials on any mobile device.

Self-enrollment

Enrollment and learner authentication is simple and secure.

Course Management

Course creation privileges, Course store includes SCORM 1.2 courses and digital documents, audio/video.

LMS Library

Create and maintain a portfolio of course-related documents.

Messages

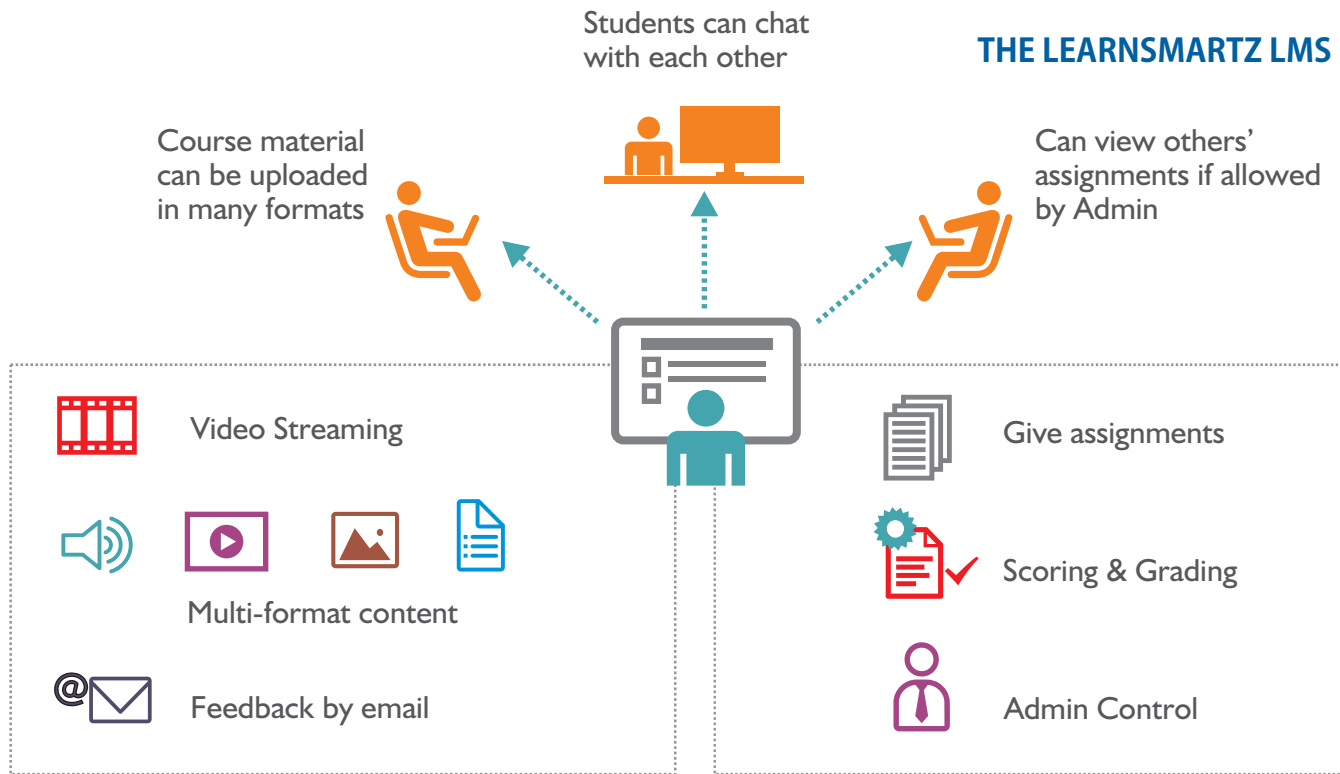

Send/receive private instant messages

My Private Files

Each user has a Private Files area for uploading and managing a set of files.

Group Management

Assigning learners to a group is a common practice in education and business. The LearnSmartz LMS allows the course instructor to easily create group categories, and determine how members will interact with each other and within various activities.

LMS FEATURES CONT'D

Quizzes and Exams

Create Quizzes and Exams with options to choose any type of examination question from a set of pre-created questions.

Custom Reporting

Generate reports on the basis of certification, course, groups and date of start and completion as filter options.

Reminder

Makes sure students never miss a thing, reminders included.
